

Template for General Invitation

You are invited to participate in the *Week Without Driving* challenge September 30-October 6, 2024 to gain perspective on what almost a third of Wisconsin's population experiences every day: not driving yourself. Or if you drive others, imagine if you did not have to. *Week Without Driving* participants take public transit; ask for or pay for rides; walk, roll, scoot or bike. And if they absolutely must, they grab their keys. They are asked to consider what someone without that choice would have had to give up when they do so though.

The idea is to generate support for an inclusive, people-oriented transportation system with options that enable **everyone** to consider convenience, time, health, safety, accessibility, sustainability and cost when choosing how to travel. Transportation options enable **everyone** to independently go to work or school, see doctors, access childcare, make it to appointments or procure groceries, other goods, services, recreation, and entertainment.

Be an inspiration. Take the pledge and sign up at <https://weekwithoutdriving.org/join/>.
